SUNSKY®

Corrugated Polycarbonate Skylight and Sidelight Panels

AGRICULTURE

CONSTRUCTION

Overview

SunSky corrugated polycarbonate panels stand up to punishing exterior applications and offer multiple advantages over traditional fiberglass corrugated panels. SunSky provides up to 20 times greater impact resistance, warranted protection against yellowing, excellent load ratings, and the highest resistance to wind uplift—outstanding properties confirmed by independent laboratory tests and in installations worldwide since 1984.

SunSky is available in soft white for maximum light transmission without glare, as well as clear and a range of colors to filter light or reduce heat loads.

www.PalramAmericas.com

Main Benefits

- Virtually unbreakable
- Self extinguishing
- High transmission of natural daylight
- Retains optical clarity over time
- Engineered to stay tough over a wide temperature range (-40°F to 212°F)
- Easily and safely installed
- 10 year limited warranty (loss of light due to yellowing; damage due to hail)
- Hail and wind resistant (*FBC approved*)
- 100% UV protection

Typical Applications

- Skylights for corrugated metal roofs
- Sidelights
- Roofing
- Ridge lights (using SunSky ridge cap)

Looking for reduced glare and less shadows?

Unlike competing products, SunSky Soft White isn't just white PC with less white tint. It's advanced technology, proven to provide 100% diffusion and 85% light transmission. Soft White spreads light and reduces harsh shadows and glare.

AG-TUF®/AG-TUF UV™

Corrugated PVC Liner Panel

AGRICULTURE

CONSTRUCTION

Overview

AG-Tuf corrugated PVC liner panel allows efficient cladding of structures with many benefits for all types of agricultural professionals. From hog barns to dairy sheds, from poultry houses to wineries and more, AG-Tuf and AG-Tuf UV hold up where other products won't.

Ag-Tuf's resistance to chemicals allows for frequent cleaning and sanitary maintenance, as well as extended service in harsh chemical environments.

AG-Tuf panels are extremely easy to install and maintain using ordinary tools, while preserving its attractive glossy appearance over a long period of time.

www.PalramAmericas.com

Main Benefits

- Surface easy to clean/sanitize
- Excellent chemical resistance
- Resists emitted gasses in animal breeding areas
- Rust-proof and easy to maintain
- Excellent light reflectance
- Attractive high-gloss white finish
- Resists marking and scratching
- Non-flammable
- AG-Tuf UV for corrosive environments and outdoor applications
- 10-Year limited warranty for Ag-Tuf, 5-Year limited warranty for Ag-Tuf UV

Typical Applications

- Poultry Farms
- Fish Farms
- Pig Farms
- Dairies
- Loafing Sheds
- Factories & Industrial Buildings
- Barns
- Food Processing
- Meat Packing
- Car & Truck Washes
- Salt Storage
- Fertilizer Storage
- Workshops
- Kennels
- Marinas
